

PRE- EVENT DETAILS
2024-25

Event Name: Empower with Education

Name of the Forum: Mathematics Association of Podar

Date: 28th September, 2024

Time: 07:00 am to 06:00 pm

Venue: Barhanpur

Description: After a successful visit to A.B. Goregaonkar school, Team Mathematrix embarks on another journey to 11 schools in our adopted village, Barhanpur. This proves that the reach of Mathematrix goes above and beyond just the events. We make it our responsibility to reach out to those in need by undertaking various activities. Empower with Education is an initiative by the Mathematics Association of Podar to spread mathematical literacy amongst the young through means that are not readily available in their curriculum. Along with having an interactive and fun filled seminar to spark the curiosity for mathematics, we will also be distributing our very own Mathematrix Workbook'24 edition, so that the students have a souvenir of interesting activities and puzzles to keep their brains busy all year round. We aim on distributing over 550 books, along with little crayon boxes to the visionaries of tomorrow.
